Ministry of Labour, Employment and Social Security (MOLESS)
Youth Employment Transformation Initiative

Terms of Reference (ToR)
for
Training Provider for the Vocational and Life Skills training

I. Background

Prime Minister's Employment Program (PMEP) is Government of Nepal's flagship program which envisions guaranteeing minimum employment of 100 days of work to the registered unemployed in labor-intensive public works programs (PWPs) or provide a subsistence wage in the absence of work, to eligible households. Youth Employment Transformation Initiative (YETI) project supports PMEP to improve the employment support services and labor market outcomes of the youth.

The YETI project will aim to address gaps in the labor supply-side interventions and complement ongoing initiatives on the labor demand side. On the supply side, the project will aim to address the lack of a systematic approach to the provision and management of employment promotion services and systems to support job seekers. On the demand side, the project will aim to generate short-term temporary employment opportunities for the most vulnerable, which can improve their short- and medium-term productivity. The focus on youth will address risks of fragility and conflict.

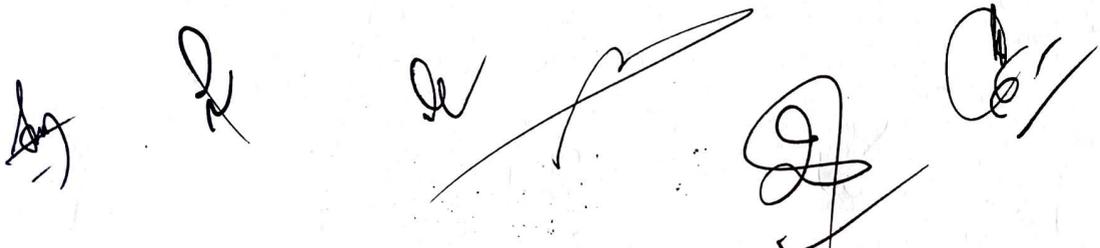

The Project Development Objective (PDO) is to improve employment services and labor market outcomes, especially for youth. Improved labor market outcomes for youth refer to increased earnings/improved livelihoods for the individual beneficiaries of the project.

The project, over a five-year period, will support three components. Component 1 will strengthen the employment promotion systems and services aimed at increasing employability and facilitation of labor market insertion of Nepalese youth (female, job seekers, and/or the unemployed). Component 2 will improve labor market outcomes of the vulnerable unemployed through efficient delivery of temporary employment programs with a "plus" component. Both Components 1 and 2 will formulate their activities and objectives aligned to the GoN's PMEP. Component 3 will support the implementation of the project and its management, capacity building, and M&E. The project will be implemented across the country.

The project has planned to provide short term employment-oriented skills training to 59,500 beneficiaries over the three Fiscal Year from 2078/079-2080/81. YETI aims to supplement temporary employment through cash for work with up to 40 days of on-the-job training and up to 10 days of life-skills training in an effort to introduce elements of productive inclusion in PMEP. The training is expected to increase skills and employability of the beneficiaries, to help them to become less vulnerable to shocks and reduce their reliance on public works.

The skills training is intended to help temporary employment beneficiaries acquire skills that are relevant to the work they are doing. The target group is largely unskilled beneficiaries of PMEP. The sessions will be delivered at the local level, by centrally procured firm(s). Trainees will continue to receive wages from the PMEP during the duration of training.

Various agencies across the government, projects and programs have been delivering skills training in Nepal for a long time. In the government two agencies, Council for Technical Education and Vocational Training (CTEVT) under Ministry of Education, Science and Technology and Vocational and Skill Development Training Center under Ministry of Labor, Employment and Social Security, have curriculums

The bottom of the page features several handwritten signatures and initials in black ink. From left to right, there are approximately six distinct marks, including a signature that appears to be 'S', a signature that appears to be 'R', a signature that appears to be 'A', a signature that appears to be 'G', and a signature that appears to be 'D'. The marks are scattered across the bottom of the page, with some overlapping.

for training provision. Typically, short-term skills training modules are three months long (390 hours) and combine theoretical and practical aspects. For YETI, MOLESS has prepared shorter training modules and curriculum in five identified trades as mentioned below:

1. Road repair and maintenance
2. Masonry (brick and stone masonry)
3. Plumbing
4. Electrical repairs
5. Carpentry

One additional module of Life Skills Training has been envisioned to enhance entrepreneurship and self-employment initiatives of the ministry to support the trained cash for work beneficiaries who want to find employable opportunities. The life skills sessions will cover a range of topics and are expected to promote goal setting, decision making, self-esteem among beneficiaries and financial literacy to promote some behavioral changes and help them engage in more productive and sustainable activities.

The sessions will be delivered at the local level by centrally hired firm(s). Two training events will be conducted in each LL in one or two trades. The PMU is seeking to engage training service providers to deliver both vocational and life skills training to the YETI beneficiaries.

Training Service Provider is a professional firm with knowledge and experience in the areas of skill based vocational training and life skills training.

II. Objectives of the consulting assignment

The main objective of the assignment is to deliver vocational skills in five trades and life skills training using approved curriculum YETI cash for work beneficiaries from selected Local Levels (LL) alongside cash for work to improve their skills.

III. Scope of Work

1. Prepare the training schedule and plan with appropriate approach and methodology in collaboration with the relevant LL. The plan should define training event by trade, location, number of trainees in each group not exceeding 25 trainees per training event. LL wise trade related information will be provided during issuance of Request for Proposal (RFP),
2. Provide 40 days of vocational training and 10 days of Life Skills training in the trades selected for the LL to 40 YETI beneficiaries per LL as per the curriculum provided (Please refer PMEP website @ <http://www.pmep.gov.np/>)
3. Provide relevant hard copies of learning materials, including training materials, as defined in the curriculum,
4. Monitor participants attendance during training,
5. Provide training completion certification in the related trades for participants,
6. Consult and coordinate with the PMEP at the ministry and employment service centers (ESCs) at the local levels,
7. Prepare training completion report with acknowledgement of completion by the relevant LLs,
8. Recommend additional trades for skills development training based on the workplace experiences for cash for work.

a. Training Approach

9. The training to YETI beneficiaries from 208 Local Levels will be delivered through total of estimated 416 training sessions, two per LL, in groups of 20-25 trainees. The specific trade(s) for each LL will be selected from the list of five trades by the relevant LL. LL wise trade related information will be provided during issuance of Request for Proposal (RFP),

The local levels are grouped in clusters of eight LLs each. The clusters of LLs are listed in annex I.

Each training session will be for a total of 50 days (40 days of each trade and 10 days of life skills).
